I authorize Alliance Investment Management to debit my account for PC Quotes Fees above.

All data feed cancellation requests must be made in writing, no later than 5 trading days before the last trading day of the month, or you will be billed for the following month. Your account can remain open for phone trading.

Market Depth Feeds are not included in the waive cost for the monthly minimum trades. Your account will be charge monthly for any additional feeds selected outside the standard feed regardless of number of trades.

If you are setup on or after 15th of the month, the software fee is prorated to \$100 per user for PRO and LITE. Prorate is not included for market depth.
